

12.1" Retractable LCD Monitor

Experience Home HD in the sky!

Aircraft Cabin Systems is a leading designer and manufacturer of Inflight Entertainment products for Business and commercial aviation.

The DRT-122xA monitor series is our **12.1" retractable monitors** designed to be a **drop in replacement**. ACS' unique design employs **fewer moving parts** than the competition, thus reducing the failure rates & costly repairs. They are designed to be Form, Fit and Functionally replaceable to your existing unit, so upgrading the aircraft can be as simple as "Plug and Play". This design is currently available for the **B737** series aircraft.
